

## STANDARDIZATION OF SOWA RIGPA (TIBETAN MEDICINE) EDUCATION SYSTEM

### Objectives:

The syllabus of the Tibetan medicine teaching is marginally different in different colleges and institutions registered under the Central Council of Tibetan Medicine. It was felt mandatory to establish one standard syllabus for all the Tibetan Medicine teaching colleges and institutions. This will help to improve the standard of education as well as in awarding uniform diploma to all the medical students. Therefore, CCTM will form a High level committee to establish a standard syllabus of Kachupa and Menrampa, comprising of medical and legal experts. The committee will re-set, standardize and establish a standard syllabus.
