

Dear Members,

First of all, as a new incumbent chairman of Central Council of Tibetan Medicine, I would like to take this opportunity to extend my warm greetings and gratitude to all registered members and members of friends of Tibetan Medicine.

Tibetan Medicine is one of the Five Major Sciences of Tibet which is directly connected with the people's life. I firmly believe that our foremost responsibilities is to upgrade and regulate the standards of professional education, ethics and to maintain update registration of Medical Practitioners, Colleges and its Pharmaceutics by ensuring standard education and trainings.

I thank all the former Executive Members for their hard work and dedicated efforts for carrying out our goal on track. In my capacity as a Chairman, I shall wholeheartedly put forth every effort for a successful and worthwhile system for preservation and promotion of Tibetan Medical System. We the members of CCTM will continue the same effort and will further develop collaborative approach with the Kashag (Cabinet), and Tibetan Parliament in Exile (TPIE) to strengthen Central Council of Tibetan Medicine and Tibetan Medicine as a whole.

Therefore, I request all the concerned Departments, College/Institutes and individual members to join and cooperate with us to strive the best of our mission. Lastly, I end up with prayers for the prosperity and wellness of all sentient beings. And may the spirit of Tibetan Medicine prevails and benefits all human beings.

With best wishes,

A handwritten signature in black ink, appearing to read 'Ngawang Soepa', with a long horizontal line extending to the right.

Dr. Ngawang Soepa

Dharamsala
