<b>Brief Bio-Data</b>	<p>I was born in Tibet and came into exile in year 1983. By the grace of His Holiness the Dalai Lama, I got an opportunity to admit in T.C.V. School, Dharamsala. I have completed my class XII Board exam with flying colors in science stream. By sheer luck, coincidence and my interest in Tibetan Science of Healing, I gave an entrance exam at Medical college of Mentseekhang and fortunately I got selected with third position in my category. In the course of my college days at Men-tsee-khang, I gave my cent percent effort in studying the depths of rgyud-shi, especially during the final year. I got first division with fifth position in my class. I began my job as a Tibetan doctor from April 2003 till date at Mumbai branch clinic. I am doing my level best to alleviate the dual suffering of wind and body of the patients with respect to six prerequisites of Menpas. With kind guidance from our senior doctors, I am learning lots of new things and experience as each days pass by.</p> <p>Mumbai is a big city with lots of medical facilities. The patients not benefited from other system flocked at our system with great expectation. They come up with piles of medical reports. We are keeping the files of patients especially the cancer patients for further research and evidence. I always feel the importance to preserve the patients account to carry on with research in this era of evidence, documentation and the result.</p> <p>So, in near future my aim is to carry on with this noble profession. Besides keeping firm cling to our text. I am interest in doing comparative study and research work.</p>
