

My name Menpa Ugyen Bhuti was born in Dolpo which is located in Nepal. In the year 1996, I came to India and got the opportunity to do my Primary school in C.S.T. Dholanji .H.P. India. There I completed my higher education. In 2005, I joined Central Institute of Higher Studies (CIHTS), Sarnath, Varanasi. I studied Sowa-Rigpa medicine and obtained BSRMS degree from the CIHTS in the year 2014.

Thereafter, I came back to Nepal and went to my Native place Dolpo to serve the community through Sowa-Rigpa system. Simultaneously, in the year 2017, I established the Snow Region Welfare Clinic near Boudhanath Stupa, Kathmandu, Nepal. Since then, I have been working in the clinic mainly to Preserve, Protect and Promote the unique knowledge and practices of Sowa-Rigpa ( The Science of Healing) for the benefit and well-being of all sentient beings.
